## Select Poetry.

We May Be Happy Yet.

Though darkness now is all around,

And threatening seems the sky,

Let not the shadows crush thy soul.

The clouds may all pass by:

Our sun in brightness set,

And in life's calm declining days,

"We may be happy yet!"

We may be happy yet, my love,

The sorrow that we know

May be the last that we shall taste,

Of bitterness and woe:

Our future may with joy be bright,

While o'er our path shall shine,

A halcyon life, a peaceful day,

Thrown from the hand of fate.

The storm can never last, for aye

Shall darkness now be all around,

And threatening seems the sky,

Let not the shadows crush thy soul.

The clouds may all pass by:

Our sun in brightness set,

And in life's calm declining days,

"We may be happy yet!"

We may be happy yet, my love,

The sorrow that we know

May be the last that we shall taste,

# WEEKLY TRIBUNE.

DANVILLE, KY.

Friday : : : : : Dec. 2, 1859

Wool, &c.—Several of our country friends have promised to bring us wool, but none have as yet done so. We hope they will do so immediately, as the time for laying up a winter's supply is now at hand, and if we do not get it from those who have promised to supply us, we must look out and make other arrangements. Wool, Flour, Meal, Corn, Pork, &c. will be taken in payment of debts due us for subscription, job work and advertising.

New Year's Address.  
The Carriers of the *Tribune* will give a copy of the paper and a copy of any one of the Magazines for 1860, to the writer of the best New Year's address—either prose or poetry—which may be sent to the editor by the 20th of December. The address, if poetical, not to be less than one hundred lines, and if prose, to be an original story, suited to the day, of not less than three columns of the *Tribune*.

A. H. SNEED, Esq., Representative elect to the Legislature from this county, leaves for Frankfort to-morrow. Mr. S. does not wish to make an official and imprudent representation of the county or its citizens will receive his prompt attention.

The four hundred acres of land in this county, sold by Mr. John McCann to Mr. Joseph Faulkner, of Fayette, was at the price of \$75 per acre, instead of \$175 as the types made us say in our last.

Maj. Chrisman has given notice to take depositions in this county, commencing to-day, at the Court House—to be read as evidence in the contested election case from this Congressional district.

Gas Light.—The Vesper Gas Light at SHINDELBOWER'S, is the very best substitute for gas we have ever seen.—A number of rooms are lighted by it, the gas being conducted through the house by pipes similar to those for ordinary coal gas, and the light is brilliant and beautiful. Mr. J. L. Shindebower is the agent for this county, for the sale of the machines.

Our clever young friend, Mr. Jas. F. BARNETT, has now in store the largest and finest stock of Cigars and Tobacco, that he has ever yet had at any one time—and when we say this, it comprehends a vast deal more than any other language we can employ. His assortment embraces all varieties from the very finest Havana to the mild Kentucky manufacture. The lovers of a good wholesome "pull" have only to try them, and our word for it, they will find abundant enjoyment therein. If you like a strong Cigar, go to Barnett's, or a mild sweet Cigar, Barnett's is the place to obtain it.

Mansion House, Frankfort.—This well known hotel has been recently opened by Capt. G. L. POSTLETHWAITE, whom we regard as having nowhere a superior as a landlord. We cordially recommend the Mansion to the patronage of our readers who may visit Frankfort this winter. We know Capt. P. well, and he has every requisite to make his house what it ought to be. His past experience and success in the hotel business afford ample guarantees that all who patronize him will be pleased with him, his house, and his fare.

There will be an auction of Fine Gold Watches, Jewelry, &c., by H. M. Weatherford & Lee, at their Auction Rooms, on this and to-morrow evenings. See adv.

We have been shown a fine picture of the "big Injun," Chish-sh-tan-ka, the Chief Counsellor of the Osage Tribe, taken by the Messrs. WHEELER & WHEELER, having adapted his brother's mode of operating, is now willing to not only give his picture, but also the price of the same along with it, whenever he fails to take a finer picture than can be taken by that *Eastern Sky Light* just opposite his Northern Light Gallery. Persons wishing to test this matter can have the choice of any price picture they may desire.

Cigars of all qualities, from 25 cents each for a "penny grab" can be had at Barnett's Drug and Book Store, next door to the Post-office.

OSAGE COLLEGE MAGAZINE.—The November number of this excellent monthly, published by the Literary Societies of Centre College, should have been noticed at an earlier day. It is illustrated by a fine portrait of Rev. L. W. Green, D. D. the able and popular President of the Institution. Among the contributions, of which there is an interesting variety, we notice a sketch of the life of the late Judge Bridges. We are glad to see this Magazine sustaining so well its literary character. Its success, and the ability with which it is edited should be a matter of gratification to all the friends of the College.

Hon. Linn Boyd has published a card in the *Paducah Herald*, stating that he will be unable, owing to the condition of his health, to attend the coming session of the Legislature. He also declines being a candidate for the United States Senate.

The venerable Washington Irving, America's great author, died at his residence at Sunnyside, on the 29th ult. He was born April 3, 1783.

Resolved, That the statement of the Kentucky *Tribune* of the 29th of October last, that the Democracy of this county took but little interest in Hon. J. S. Chrisman, in the contest between him and W. C. Anderson for the seat in Congress, is wholly and entirely untrue.

The above was adopted by a Democratic meeting held in this place on the 21st ult., (county court day.) The statement which we made about the "little interest" taken by Maj. Chrisman's friends was intended to refer only to the examination of witnesses in this county and was in an editorial article on that subject, the taking of depositions to be read in the court in behalf of Mr. Anderson having been concluded a few days before the article was published.—It appears, however, that the writer of the above resolution has given a different character to our statement, making it refer to the contest generally. Now, the fact was patent here, during the taking of depositions, at the time referred to, that the Democracy manifested but "little interest" in the proceedings, and it was observed and remarked by others as well as ourselves. How much interest they feel in the contest generally, we do not pretend to know, and should not have noticed the above resolution at all, but for the fact that we regarded it as doing us injustice, and doing to the matter right.

A Democratic meeting at this place on the last county court day resolved, that the course of the State Commissioners in giving Mr. Anderson the certificate of election to Congress, was a "high handed outrage upon the rights of this district." The passage of such resolutions by the Democracy has been the order of the day for some time past in the several counties of the district.—It is a barren way of venting their spleen, and the gentlemen composing the State Board at the time the certificates were issued, having the law upon their side, and acted strictly in accordance with that law, can well afford to brook the partisan abuse which is being heaped upon them by disappointed aspirants and their friends. The Somerset American states upon reliable authority, that Mr. James, the present Democratic Attorney General, advised the Board himself, that under no state of case should they receive amended certificates from the county commissioners, and the law we think is plain enough to convince every other Democrat (who could be convinced at all,) that Mr. James was right, and that the Board did just what their duty required.

Mr. J. W. Thwaites, Gov. Wise was consulted mainly to the credit of suppressing the Harper's Ferry affair, and of bringing Brown and his followers to justice, but we see the Democratic meeting in this place on Monday week, gave all the credit to President Buchanan, and said nothing at all about Wise's action in the premises. What Buchanan did which proved so efficient in the matter, who has not been able to learn, but it is probable that if his Administration had given heed to the letter they received detailing the entire plot, sometime before it was put into execution, the whole affair, with its direful consequences, might have been averted.

LADIES' AMERICAN MAGAZINE.—The December number of this IXL Monthly is before us, illustrated in the highest style, with two splendid steel plate engravings, colored and plain fashion plates, patterns, etc., sustaining, and even surpassing in many respects, the exalted reputation long since obtained for Graham's Magazine, its predecessor. There is in our opinion no better investment for home reading, or to cultivate in the home circle a taste for the higher order of Literature and Beauty, than by receiving this Ladies' American Magazine. It has only to be seen to be appreciated—and wishing to see such a publication have a wide-spread circulation in this section, we will keep a copy of it to show to our friends, besides offering an inducement to subscribe. Call and examine it.

This is the day fixed for the execution of Brown, at Charlestown, Va. It was supposed at one time that he would be respited until the 10th, and be executed with the balance of his gang, but it will be seen by reference to dispatches in another column, that such will not be the case. An account of the preparations for the execution will be found in our columns.

With slavery as a North is manifestly a failure, and will not be likely to be repeated in the present century.

SOUTHERN PACIFIC RAILROAD.—The conditional \$150,000 asked by Dr. Fowlkes, to secure the services of J. Edgar Thompson as President of this road, has been subscribed by the citizens of Louisville, and the friends of the road need now feel no apprehension of its success. This is good news.

KIT CARSON NOT DEAD.—The St. Louis Republic of Saturday, says: Our letters from Santa Fe, by the overland mail last night, makes no mention of the death of Kit Carson, which is reported to have occurred at Taos.—We have never given any credence to the report, and we are well satisfied now that if his death had occurred, it would have been communicated to us in these letters.

Nathaniel Wolfe, Esq., was elected to the Legislature on Monday, without opposition from the Second District of Louisville, composed of the Third and Fourth Wards, to fill the vacancy caused by the death of Fleming Wright

Wheat has advanced in Louisville 10 cents per bushel during the past week with sales at \$1.10 for red and \$1.20 for white.

We are glad to learn that the health of Hon. John B. Thompson is improving.

Congress and the Kentucky Legislature meet on Monday next.

## THE MARKETS.

Hogs.—The weather at present is very unfavorable for slaughtering. Large numbers, however, were killed in this section, by farmers, on Tuesday last, and many who received their pork at that time, are rather uneasy, lest they may lose it. Most of the sales here of family pork have been made at 5 cts. net.

RELICIOUS.  
A Sermon on "Christian Love and its Fruit—the Knowledge of Life," will be preached in the Christian Church on next Lord's Day, by the pastor, Elder JAMES M. MACRUM. The public are respectfully invited.

## MARRIAGES.

MARRIED.—In this county, on yesterday (the 29th of Nov.), at 12 o'clock, by Rev. J. S. McKEITHEN, of Springfield, Ky., to Miss M. C. HAYES, daughter of Mrs. Amelia T. Hayes, of this county.

MARRIED.—On the 13th of November, 1859, by the Rev. S. S. McKEITHEN, Mr. C. H. BARTER, formerly of Lewis county Mo., to Miss SARAH FLEMMING, of Lincoln county, Ky.

DEATHS.

It is pronounced by Physicians the best remedy for Consumption, Scrophulous Rheumatism, &c., ever discovered.

CAUTION.—The value of this remedy depends upon its purity, and in order to secure our customers a pure article, one of our firm, went to Newfoundland to superintend the manufacture of our oil, and we warrant it pure. See that the label on each bottle, and as there is a great deal of cheap, inferior oil palmed off for genuine, to the great injury of patients, we have taken the precaution to place on each bottle, the name of HEGEMAN, CLARK & CO., and take no other, as many have been cured with the genuine oil, and others without any benefit.

USEFUL IN EVERY FAMILY.—PAINT, GREASE SPOTS, etc., removed instantly. Every article of furniture, painted with our new, without injury to the most delicate color or fabric, by HEGEMAN & CO'S CONCENTRATED BENZINE, only 25 cents per bottle. PLUMB MANUFACTURER,  
South Side Main between Brook and Floyd streets,

WOULD call the attention of his old friends in the upper country to the fact that he has located in this city, and is prepared to fill orders sent him. Believing that the CASH SYSTEM is the best both for the Farmer and Mechanic, I have

I am determined that my Plows shall be made of the best material, and warranted to give satisfaction. With this assurance I hope to secure many orders.

TOWN TAXES.

THE Tax Lists of the Town have been for sometime in my hands for collection, and all Taxes are now fully due. I hope therefore, that all will, without further delay, be ready to settle with me when called upon, thereby saving themselves the unpleasant feelings of being damned, as well as relieving me from the necessity of pursuing them.
